BOOKIES REAP BIG HARVEST

Many Happy Hearts in Eng-
land as Trigo, 33-1 Out-
sider, Wins Derby

LONDON, June 6.—There were
many happy hearts in England to-
day, and many of them beat faster
in the breasts of bookmakers.

The victory of Trigo, a 33 to one
outsider in the annual British derby
at Epsom Downs gave the bookies
one of their greatest days in years
for a comparatively small amount of

money had been bet on this horse the
book going to ground. Mr. John

LATE NEWS

Fire Delays Work

CANTON.—Two hundred em-
ployees of the Hoover Sweeper
plant in North Canton were
forced to remain idle today as the
result of a fire in the factory.

The flames destroyed part of a
switchboard leaving the entire

Case to Jury

ABINGDON, Va.—With
personalities submerged and the
question of the extent to which
officers can go in enforcing the
prohibition laws paramount the
case of the commonwealth
against Deputy Sheriff, E. L.

Crowe charged with the murder
of J. W. Kendrick, a 17-year-old
college student, came to a close
today. The jury of 12 farmers
began its deliberation this after-
noon and expected to report be-
fore nightfall.

Kill Amendments

WASHINGTON.—I came
in sight for the house today when
it reversed its action on Tuesday
by striking the two amendments
from the reappropriation bill that
caused so much bitterness among
the members.

Amendments that
hurled the body into its most
explosive session in years Tues-
day night and caused Republican
leaders to adjourn the session
yesterday soon after it convened
were designed to cut southern
representation because of the al-
leged denial of the right to vote
to negroes and to exclude aliens
from the 1920 census upon which
reapportionment of the house
members will be based.

Today's action revives hopes
for early passage of the bill.

OHIO STATE PENITEN-
TIARY COLUMBUS.—Clerk
Dan Bonzo and Deputy Warden
J. C. Woodard needed from the
institution here this afternoon

ty authorities that the three con-
victs who escaped from the June
town City brick plant when an
other convict was probably fatal
ly shot are believed to be cor-
nered in a wheat field about one
mile east of Circleville.

"DESTROYED" SHIP ARRIVES AT PORT

Japanese Officials Probe False
Report of Sea
Tragedy

LONDON, June 6.—Considerable
mystery surrounds the fate of the
Japanese steamship Wingo Maru
which yesterday was reported to have
been destroyed by fire with a loss
of more than 700 lives off the eastern
coast of Kamchatka.

In the face of newspaper reports
and official casualty advices detailing
the tragedy, an Exchange Telegraph
message from Tokyo today stated that
the steamer had arrived safely at
Kamchatka.

This message is without detail, ex-
cept that it throws an additional
cloud of mystery into the affair by
stating that Japanese authorities
have launched a strenuous investi-
gation to ascertain the origin of re-
ports that the ship had been destroyed
and its passengers and crew lost.

The Japanese authorities, appar-
ently believe that original dissemination
of the report was either a hoax or
a malicious propaganda spread for com-
munist ends.

SIR ESME PUTS BAN ON LIQUOR

British Ambassador Not To
Sign Any More Whisky Re-
quests for Staff

WASHINGTON, June 6.—The
British embassy here is going on the
wagon.

A real diplomatic sensation was
created today when it became known
that Sir Esme Howard the fourth
dean of the corps has informed
members of his staff that he will sign
no more requests to the state depart-
ment for permission to import li-
quor.

This means that when present
stocks are exhausted—which prob-
ably will be some time yet—the nu-
merous members of the British em-
bassy staff will have to rely on their
foreign colleagues for those spots of
stotch or else prize the bootleg-
gers of their American friends.

The new rule it was said, will be
effective so long as Sir Esme remains
at the Washington post. Some of the
younger members of the staff are re-
ported to be hopeful that the ex-
cuses of Britain's interests in China
Japan or elsewhere beyond the bor-
ders of the United States might re-
quire Sir Esme's transfer.

Several weeks ago Sir Esme
shocked the diplomatic corps here by
writing a letter to James F. Carter,
a Virginia prohibitionist stating that
he would gladly forego the right to
bring in liquors should the Ameri-

DAIRY ASSOCIATION PLANNED IN COUNTY

Committee Named at Meeting
of Livestock Improvement
Organization

Early farmers members of the
Marion County Livestock Improve-
ment association met in the first gen-
eral session of the association last
night. The meeting was held in the
common pleases courtroom.

Talks were given by two prominent
in livestock improvement work and
also by prominent dairymen who are
interested in organizing a dairy im-
provement association in Marion
county. No definite move was made
toward forming such an association
although Homer T. Myers, president
of the county livestock association,
named a committee to look into the
prospects of forming a dairy organ-
ization.

Specialist speaks
J. W. Winkler, extension specialist
in animal husbandry at Ohio State
university, opened the meeting with
an address on the organization with
benefits of the "better milk—better
cows" campaign now being held in
Ohio. He stressed the importance of
having a livestock improvement asso-
ciation and complimented Marion

PATTON AND SNARE FILE AS CANDIDATES

Will Seek Republican Nomi-
nations as City Solicitor
and Treasurer

Carlton M. Patton and Russell A.
Snare today added their names to the
list of candidates who will seek nomi-
nation to city offices in the August
primary.

Snare present city treasurer filed
his declaration of candidacy for re-
election to that office. Snare has
served one term as city treasurer. He
is assistant cashier of the Marion
County Bank and is a Republican.

Snare is the first candidate to file
for this office.

Patton filed his declaration of can-
didacy for city solicitor. He is a Re-
publican.

So far Patton is the only candidate
in the field for this office. Indications
at present are that he will be unop-
posed both at the primaries and the
election.

For the last two years Patton has
served as assistant city solicitor under
George J. Ceran. Since beginning
the practice of law here about five
years ago J. Patton has been active in
Republican politics. He served as
president of the Marion County Re-
publican club last year.

The candidate for solicitor is a
graduate of the college of law of Ohio
Northern university and in addition
has had three months training under
Judge Frank Guise of Cincinnati.
He is a member of the law firm of
Wiedemann, Patton & Wiedemann.

Patton's declaration places six in
the field as candidates for city offices.
Filing time will expire at midnight
June 13.

PRINCE BETTER

Physicians Say Broken Bone Has
Started To Heal

VANCOUVER, B. C., June 6.—
Physicians attending Prince Harry,
third son of King George of England,
today reported that the royal patient
was resting easily and that his fric-
tured collarbone was beginning to
heal.

The prince was injured when his
mount fell during a polo game. When
he will resume his journey to Eng-
land was not announced. He had in-
tended to remain here three days but
it was thought his departure would
be delayed because of the mishap.

WANTS MARION ON AIR ROUTE

Chamber of Commerce Hopes
to Get Direct Aerial Mail
Service Here

Outlines of a plan that may bring
air mail direct to Marion are now
being formed by officials of the
chamber of commerce. It was stated
today by George Whynall, president.

According to information received
here today from the commercial aeo-
nautics committee of the Ohio
chamber of commerce the postoffice
department and the department of
commerce at Washington D. C. are
considering the establishment of a
new air mail route from Washington
to St. Louis.

The topography of the country and
the centralization of the industrial
population in the state of Ohio would
suggest that the new route pass over
Ohio according to Lloyd D. Hoover,
chairman of the aeronautics commit-
tee of the Ohio chamber.

Letter Sent Here
The Marion Chamber of Commerce
has received word from Boston con-
cerning the proposed new air route.
As a result officers of the local
chamber immediately began working
on plans in an effort to bring the line
through here.

The selection of the
route will probably be based at least
in some extent upon the activity of
various progressive chambers of com-
merce in the communities most likely
to be affected according to Hoover.

French Consul, Marion postmaster,
is one of the 20 members of the aeo-
nautics committee of the Ohio
chamber of commerce.

Establishment of an air mail line
through Marion would greatly facili-
tate postal service. Chamber of Com-

HOOVER CALLS ON CONGRESS TO AID DRY ENFORCEMENT

TOBIN REPORT STIRS UP CITY HEALTH BOARD

Urges More Stringent Meth-
ods in Handling Smallpox
Cases

"SLAM," SAYS WEISER

Health Commissioner Takes
Statement as Reflection
on His Work

Considerable furor resulting from
a report submitted by C. M. Tobin,
city relief and sanitary inspector, was
created at the monthly meeting of the
Marion board of health held at the
city offices yesterday.

In his report Tobin issued a warn-
ing to city council of the situation
now prevailing caused by existing
cases of smallpox in Marion. He
urged that more stringent methods be
used in handling the cases and that
all parties affected with this disease
be quarantined a sufficient length of
time. He also urged vaccination of
homes from which quarantines were
raised.

Mayor Emory Murphy and Dr. S.
W. Matter held a rather heated dis-
cussion on the merits of fumigation
following a report that several homes
had been thus treated at the mayor's
request.

Tobin reported one case in which
smallpox was said to have been spread
to other cities by the lack of enforce-
ment of the rules affecting quaran-
tined families.

Urges Extreme Care
His report stressed the importance
of handling the smallpox cases with
the utmost care saying that other-
wise there would be several cases in
the city during the entire summer.

Tobin was not present at this meet-
ing having been called to Penna-
sylvania on official business.

Remarks made by Tobin in his re-
port were said by board members to
overstate his authority. Practically all
objectionable statements were made in
turn to page 5.

PERMIT FOR GAS STATION REFUSED

Planning Commission Turns
Down Application for East

The City Planning Commission re-
fused to grant a 10 ft. Eppendorf
permit to construct a filling station
at 631 East Center st., at the south
west corner of the intersection of
Center and Sharpless st. at a
meeting held last night in the office
of Mayor Murphy.

The request was made for a sta-
tion to be constructed according to
the plans submitted by the Jean Oil
Co. The proposed site of the station
is better known as the Kopley lot.
Mr. Eppendorf stated he would not
make an attempt to secure a building
permit nor take any legal steps
against the city.

A petition was submitted, signed
by 12 property owners, to transfer a
section of lots facing on East Center
st. from the commercial to the resi-
dential zone of the commission. This
petition was carried over to the next
meeting. The section lies near Green

President Asks Joint Commit- tee To Study Federal Re- organization

PLEDGES HIS SUPPORT

Concentration of Responsibility
in Federal Bureau Ad-
ministration Sought

WASHINGTON, June 6.—Presi-
dent Hoover moved today to tighten
up federal enforcement of prohibition
in a special message to congress.
He recommended appointment of a
joint congressional committee which
would be charged with making an im-
mediate study of the reorganization
and concentration of responsibility
in administration of the federal
bureau connected with prohibition
enforcement.

The president advised congress he
should really appoint a committee
from the executive departments to co-
operate with such a congressional
body and he also pledged the support
of the national commission on law
of enforcement.

Would Strengthen Patrol
The proposed survey would cover
the whole broad field of governmental
dry law activities according to the
president's message. This would in-
clude not only the transfer of wine
bureaus and agencies from various
departments to others but include
also a general strengthening of law
enforcement both in connection with
prohibition and the illegal entry of
aliens.

Mr. Hoover explained he would like
the proposed congressional commit-
tee to make recommendations at the
outset of the regular session of con-
gress in December as the problems
involved will require legislation.

Hoover's Message
His message follows:
"In order to secure the utmost ex-
peditious in the reorganization and
concentration of responsibility in
administration of the federal bureau
connected with prohibition enforce-
ment so greatly needed to improve
their effectiveness, I recommend that
the congress appoint a joint select
committee to make an immediate
study of these matters and to formu-
late recommendations for considera-
tion at the next regular session.

I shall be glad to appoint a com-
mittee from the department to co-
operate with such a committee of the
congress. The national commission on
law enforcement and enforcement will
also cooperate through their studies
of the departmental organization.

Needs Extensive Consideration
The subject involves the transfer
of parts of various bureaus and
agencies from certain departments to
others and it includes as well the
necessity for the unification and
strengthening of our border patrol.

Civic Symphony Orchestra Prepares Concert Program for Presentation on June 16

Reception Accorded New Musical Organization Expected To Decide Whether Similar Public Entertainments Will Be Given During Summer

The June 16 Marion will be invited to see another appearance of the Civic Symphony orchestra when it presents a program to be given under its own talent. This concert, according to present plans, will be given on Sunday afternoon, June 16, at Chautauqua pavilion, Gardfield park.

This organization appeared earlier in the year with a program given in the Star auditorium. At that time the orchestra was well received. The Civic Symphony has a brief but interesting history. On Jan. 15, this year, nine players met in the music department of the Padlock Transfer Co. to play purely for their own amusement. A week later a second rehearsal was held, at which 11 were present.

Attendance at these rehearsals continued to grow until Feb. 19 when the members decided to form a civic symphony orchestra with J. R. Hall, of Marion, as their leader. Rehearsals have been held each Tuesday night since that time.

At present there are about 25 members. Nearly all the numbers on which the rehearsals are given are popular compositions now being practiced in the symphony in B Minor, better known as the "Unfinished Symphony," by Schubert. This will be played for the second time in public at the concert June 16, by request.

Due to financial limitations of the orchestra, it is obliged to hold its rehearsals in the piano department of the Transfer Co. rooms on Oak st., which have been furnished by G. A. Wright, owner, without charge. All music now used is furnished free by the director, and will be used until finances for the organization can be raised. More than \$50 in music is represented in a single concert.

Some of the veterans from Baker's band on organization in existence here over a long period of years, are among the players of the orchestra. Dr. E. K. Clark, tuba, Nelson G. Irwin, trombone, are former Baker men. L. B. McNeal, flute, T. M. Cunningham, on string bass, C. E. Hefley, at violin and L. E. Meister, at trumpet are all veteran theater men, having played in pits of local theaters.

There are other veteran musicians in the personnel of the orchestra, as well as some younger students. Under the direction of Mr. Hall, the orchestra works to give a true interpretation of the world's best symphonic numbers. Their programs will be entirely standard and classical, Mr. Hall said.

Future concerts will depend on the success with which the June 16 appearance meets, members of the orchestra indicate. Such concerts of classical music could be given periodically during the summer months if there is a demand for it, Mr. Hall and others say, but unless the numbers are well received, future concerts are improbable.

CABINET WILL BE NAMED SATURDAY

Britain in Midst of Conjecture Over Mac Donald Aids

LONDON, June 6.—Speculation continued today as to the composition of the cabinet to be formed by J. Ramsay MacDonald, newly appointed prime minister of England.

No official announcement regarding the personnel of the cabinet will be made until Saturday, when MacDonald formally takes over the reins of government by accepting from King George the seals of office surrendered by Stanley Baldwin, defeated conservative premier, yesterday.

These seals, visible symbols of the highest office in the land, will be

turned over to the labor premier with fitting ceremony, provided the king's health permits his participation in the time-honored custom.

The cabinet to be announced will be virtually the same as that which MacDonald submitted to the king for approval at Windsor Castle yesterday. There may be minor changes, but in the main it will be that agreed upon by MacDonald and his colleagues almost immediately after the election.

No Auto Licenses for Indianapolis Drinkers

INDIANAPOLIS—"Don't give a drunkard even a temporary driver's license."

That was one of the orders issued by Secretary of State Otto G. Fife of Indiana to sub-branch chiefs who will issue the Indiana automobile drivers' license beginning on July 1.

However, Fife and his lieutenants decided against asking, "do you drink intoxicating liquors?" as one of the questions to prospective drivers.

"We don't want to make liars out of people," said James L. Bradley, head of the automobile license department.

Such a wonderful flavor—the flavor of PEP. And they stay unusually crisp in milk or cream—to the last spoonful!

Every helping is a helping of health. You get the wheat. Just enough bran to be mildly laxative. Ideal for children.

Ask for Kellogg's Pep Bran Flakes. In the red-and-green package. Made by Kellogg in Battle Creek.

OF CONSTIPATION

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause." But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the large, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderly at night. Next day bright. Get 21 for 25c today at the nearest Rexall Drug Store. C. G. Ungersicht.—Adv.

MARION RACE MEETING CLOSES TODAY

ROB ROY SPRINGS UPSET TO CAPTURE 2:20 PACE EVENT

Black Leaf and Johnny Direct Win; Joe Dillard Takes Heat

BY KATH H. McELROY
Sports Editor, The Star

MARION'S 1929 season of the Ohio Short Stop race season will draw to a close this afternoon at the fairgrounds track when three events, holding promise of being the fastest of the week, will be run off.

Yesterday's events, though the heat winners, were the favorites finally decided to win the race.

Black Leaf from the Van Buren stable finished first in the 2:21 trot taking the first two heats. The gelding was a big favorite.

Two frolicks took five when Fred Blawach with Douglas up jumped to victory in the third heat. Wally Adams, Scott's gelding and the favorite with the boys who know, finished in fourth place. The best time in the opening event was clocked up in the second heat when Black Leaf trotted the mile in 2:17.

The second event, the 2:20 pace, had all the boys guessing until the final heat when Rob Roy finally won. The first heat was taken by Duke Worthing with Unknown Boy, the favorite, finishing in third place. The next heat found Duke Worthing being played up as the favorite only to find Rob Roy, an 8 to 2 shot, out in front at the mile. Rob Roy won the closing heat with Duke Worthing finishing second and Hollywood Shirley taking third.

The first heat of the race was as pretty a finish as will ever be seen in any horse race. Duke Worthing, Hollywood Shirley, Unknown Boy and Rob Roy were all in a bunch fighting for first place. Duke Worthing won the heat by a nose.

At Clark drove Johnny Direct to a straight heat-victory to win the closing event of the day, the 2:10-1/4 pace. Joe Dillard, Ora-Come's old "war horse" that was trained on the Marion track this spring, sprung the big surprise of the race by taking first in the closing heat after finishing fifth and third in the earlier two miles. In that heat Craze jogged along in third place for the first three-quarters of a mile moving up to second on the turn. When the horses entered the stretch Craze opened up and Joe Dillard beat out the favorite, Laura B, by a nose. Laura B won second money in each heat. The best time of the race was 2:10 1/4, clocked up in the second heat.

Weber Enters Tourney

Ohio's Greatest Amateur Golfer Seeks To Regain State Crown on Difficult Brookside Course at Canton Next Month

HAROLD WEBER

CANTON, June 6—Ohio's greatest amateur golfer, Harold Weber of Jaynes, Toledo, will be present when the annual state championship is renewed the week of July 8 over the difficult Brookside Country club course here. Weber is the only man in Ohio to win the amateur crown four times—and last year he carried the title of champion to the thirty-fifth green in the finals at Yonkers before succumbing to his younger opponent.

A WAY back yonder in 1907 Weber first became the Ohio amateur champion. He repeated in 1912, and then in 1920 and 1921 he proved invincible against the onslaughts of the younger players.

FOUR who have watched Weber perform in the tournaments throughout Ohio always are amazed at the ease with which he executes his shots. He has a complete repertoire, and there is no extremity to which he may be put that finds him unable to solve the problem at hand. In many respects Weber is more than an outstanding golfer. And he is not a young man, either, although not yet ready to be rated as an old man.

BROOKSIDE COUNTRY CLUB will be built to order for Weber. For 1 holes around—holes where a long drive makes the iron shot a simple matter. And on the two holes Weber will find himself reaching the greens with ease because he is master of the breeze. The short holes at Brookside should offer the veteran no trouble.

Runkle, All-Star left fielder, socked two doubles and a single to take hitting honors for the afternoon. The Eagles won the game in the sixth frame when they scored six runs. The All-Stars failed to solve Adams' delivery except in the third inning when they scored three runs.

BY BOB ELLIOTT

ASBURY kept within one game of the league-leading Lee Street Presbyterians by defeating the first Presbyterians last night, 4 to 1, while the loop leaders were enjoying an off day. The games last night in the second church league were the games scheduled for May 13. Lee Street and Forest Lawn played their game off last week with the former easily winning.

Johnny Cook hurled good ball last night in the pitcher's box to defeat the Presbyterians. The first inning saw the only score for the Presbyterians. Bill Lough led off with a single and Redding scored him with a triple to right center. Four base running cost the Presbyterians a chance to even the score on several other occasions.

Danell, Asbury second baseman, was the hitting and fielding star for the winners. He robbed Lough of a hit in the fifth frame by a one-handed catch of the latter's Texas-leaguer. He opened the Asbury scoring in the first inning by hitting a terrific home run to deep left center.

U. B. and "No-hit" Zinsman took another one on the snot when the Lutherans played them with an 8-1 setback at the Silk Mill diamonds. The losers could only solve Kuchensperger's delivery for four hits, two of which went to Marion Vanderhoff. Lutherans clinched the game in the third inning when four hits, two errors and a walk scored six runs. The defeat sent the U. B. into seventh place, one game ahead of the Forest Lawn outfit.

Central Christians gained partial revenge for last Monday's loss to Lee Street by halting First Reformed, 8 to 3. The winners scored five runs in the fifth to put the game in the franchise. Reformed scored all three of its runs in the fifth. Except for that frame Joe Ward hurled excellent ball.

New York Teams Providing Fireworks In Major Loops; 4 Nines In National Fight

ONLY 3 1/2 games separate the league-leading Pirates from the fourth-place Giants in the National League scramble today, providing a four-cornered race close enough to make the turn-of-the-clock merely for many weeks to come. The Giants, who are furnishing most of the fireworks at present, knocked the Cardinals out of the lead yesterday while Pittsburgh was idle.

The same old song is being sung in the flycatcher circuit and indications are fast growing that the American league campaign will be another two-horse race between Philadelphia and New York. The Yankees, off on another tear against the western clubs, won their fifth straight yesterday and took second place from the Browns, who were unable to stop the Athletics. The latter have yet to lose two games in succession this year.

THE Yankees, with Ruth, Meusel, Koenig and Lary out of the regular lineup, have not made an error but lost a game since the club was shaken up, and not a single pitcher has been knocked out. They moved out Cleveland in the twelfth yesterday, 6 to 5.

With his mates plugging up a comfortable lead off Crowder, Babe Waberg of the Mackinac machine held the Browns to four hits and won 7 to 2. Cochrane and Miller hit homers for the A's and Kress and Melillo duffed for the Browns.

MASTER Melvin Ott's twelfth honor of the season, coming with two on base, featured New York's 6 to 4 win over the Cardinals. Chick Hafey starred for the Cards with three hits, including his thirteenth homer.

Bruce McWeney of Brooklyn blanked the Cubs for eight innings but blew up in the ninth when the veteran Baneroff messed up two chances for double play. A pinch hit by Gabby Hartnett gave Chicago a 4 to 3 edge.

BOTH tailenders the Reds and the Red Sox, stepped out of character to put on a batting carnival. Storing one run in the sixth, Cincinnati overwhelmed the Phillies, 21 to 1. Klein, the Phil's fence buster, kept the lead in the home run derby by cracking out No. 11. Cincinnati's 21 runs set a new high scoring total for the year in the National league.

In Boston's 17 to 2 slaughter of the White Sox, the Red Sox collected 27 hits for 39 bases and made nine consecutive hits in the eighth after two were out, scoring eight runs. Each Boston player hit safely and the situation became so desperate in the eighth that Manager Lena Blackburne, a former infielder, sent to the mound for Chicago.

Larry Macferry of Washington, who used to work for Bucky Harris, held back the Tigers to five hits and beat them 5 to 2.
